

OCTOBER 2023

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
1 Meeting Topics: 1.CO Poisoning 2.Pallet Jacks	2 	3 <u>Preparedness is your best defense.</u>	4 Check flashlights to make sure they work!	5 Test Smoke and CO detectors.	6 	7 Safety is simple as Always Be Careful
8 Safety saves but accidents cost you.	9 <u>Do you know what the A-B-C's mean on a fire extinguisher?</u>	10 Personal Protective Equipment is great for self defense.	11 Accident causes: Rushing, Frustration, Fatigue, Complacency	12 Heavy Load? Get help or a better tool to assist you.	13 <u>Do you push or pull a pallet jack?</u>	14 U DRIVE. U TEXT. U PAY 
15 If a cord has a fray, replace it right away!	16 Don't reach so far! Use another tool to move it closer.	17 	18 Eliminate slips - wear shoes that are appropriate for the job.	19 What ways can you work safer today?	20 Do not use gas powered equipment indoors! CO builds quickly!!	21 Replace worn out entry mats.
22 Now is a good time to update the emergency contact list.	23 Are you floors free of tripping/slipping hazards?	24 Walking in wet areas? Appropriate shoes will give you good traction!	25 Avoid potential CO poisoning, check gas heater manifolds for damage.	26 <u>ShakeOut (Earthquake) drill today</u>	27 Have your new hires received their safety training?	28 <u>Are you aware of how to safely jump start a car battery?</u>
29 Do you switch on your brain at work?	30 	31 Halloween 	Don't overload electrical circuits.	<u>Open/Closing? Be alert to your surroundings.</u>	Are you prepared to take care of icy walk ways?	<u>Always store pallet jacks safely.</u>
